HEUER Vice

For all heavy-duty conditions and even longer long service life.

HEUER Vice with screwed-on replaceable jaws - with corrugated and smooth work surfaces, available in sizes 120, 140 and 160 mm.

In order to meet all demands of the workshop we make our well-known steel HEUER Vices also in a special version with replaceable clamping jaws.

These surface-hardened jaws have one corrugated side and one plain side. They are adjustable and replaceable. The threads are located in the frontal jaws so that the valuable vice will not be rendered out of service by any damage to the clamping jaws.

The vices are in the same basic layout and can therefore be combined with all our other accessories (HEUER Lift/HEUER Collapsible/HEUER Collapsible-Lift/HEUER Stand-Lift/HEUER Rotary-Table/HEUER Table-Clamp/HEUER protective jaws).

Overview of interchangeable jaws

Width/mm	Hole spacing/mm	Height/mm	Thickness/mm	Item No.
115,5	80	18	10	116 115
120,5	80	18	10	116 120
135,5	85	22	12	116 135
140,5	85	22	12	116 140
150,5	105	25	12	116 150
160,5	105	25	12	116 160

Overview of HEUER Vice with replaceable jaws

Width of jaw/mm	Span width/mm	Span depth/mm	Min-max. pipe gripping jaw span-Ø/mm	Approx. Weight/kg	Item No.
120	150	65	16-55	9,0	101 120
140	200	80	27-70	16,0	101 140
160	225	100	27-100	27,0	101 160

The replaceable jaws can be used on both sides. They are produced with a corrugated side and a plain side and are each fastened with Allen screws.
